Note

- All units are illustrated as viewed from outside.
- All dimensions are in mm.
- Bi-fold doors open-out as standard (open-in option available).
- Flat-sill and no-sill options should only be used undercover as they are un-rated for water performance and are not suitable for exposed weather locations.
- When ordering bi-fold patio doors
 - Select the product code for the bi-fold door size in the top chart.
 - Choose the configuration from the bottom chart.
 - Add the configuration code to the end of the size code e.g. ABD2449-3L3R.
- 8 panel ABD available on request.
- Retractable flyscreen available.
